For timely and efficient communication, please email your responses to opiesconnection@gmail.com with the subject line "Missing Person." Please do not provide any additional information outside what is requested. I cannot work a case if I know any information or have seen information in the news. It affects my process and I need to be a clear channel to receive. I cannot guarantee that I am able to support you. Please know it is an extensive process for me to connect and build energy with either the environment or soul to receive information. I am not able to solve a case. This is the sole responsibility of law enforcement and I truly believe in their work. I am a tool to bring awareness and attention to the breadcrumbs spirit provides for closure. Sometimes we are not meant to receive resolution in the time frame our hearts wish. I cannot move past blocks the universe puts up. I am a strong advocate in universal timelines and the purpose of them.

My work with families is free of charge. My work with law enforcement will have my hourly rate. Please be aware my schedule has intense demands and not much flexibility. I am also a mother to young children who are my priority. If I do not fit your immediate needs please know I will provide resources that I trust that may be able to support you sooner.
